## promise?

### Author's Note:

im sorry i dont post often enough. i think i should. its just school and stuff so yeah

I didn't like this feeling, jealousy. I hate it with a passion. It all started when I was walking to go see mike at his locker just before lunch, like we usually do. A girl walks up to him and starts talking to him and all I could was stand there like an idiot, gosh I'm so foolish. My insecurities started to get in the way of my judgement and clouding my brain like a dark veil.

Meanwhile, mike was just minding his own business, until Jennifer Hayes walks up to him. "Mike?" jenn says. "yes jenn?" "i was wondering -she put her hand on his arm - if you wanted to hang out sometime?" she says hoping he'd say yes.

something in me clicked \*more like snapped\* i walked over there not caring if i made a scene or not. i finally reach them and i did the most unimaginable thing possible. i squeeze myself between mike and jenn, i pull him down for a rough kiss \*ROUUUUUGH KISS\* he was startled at first but then melted into it.

when we pulled back we were both breathing heavily. "el, what was-" "i was jelous" i say. by then jenn had already walked back to her friends in the cafeteria. "promise me you'll kiss me like that, not only when your jelous." he says i giggle"i promise" we both walked back to the caff like nothing happened
